Census 2011 Persons (10% sample) Revised 2015

Overview

Identification	person!10pct!sample!v3
-----------------------	------------------------

Scope & Coverage

Scope

The current version of the census ten percent sample data contains industry and occupation questions as well as the corresponding derived variables. While the sample units for all datasets remained the same employment section variables figures differ slightly with the previous 10% sample due to the alignment with the full census dataset in the process of including industry and occupation data.
